

EventLink

TEMPORARY EVENT & REGIONAL
CONNECTIVITY

Portable communications infrastructure
for events, remote operations
and blackspot areas.

*Connectivity
where it
matters*

RAPID DEPLOYMENT

On site and operational
in hours, not days.

MANAGED WI-FI

Secure, high-performance
connectivity for attendees,
staff and operations.

WORKS IN BLACKSPOT AREAS

Stay connected
beyond the city limits.

How EventLink Works

FROM DEPLOYMENT TO A CONNECTED EVENT

EventLink delivers rapid, reliable connectivity for temporary events and regional locations. By combining satellite, cellular and local network infrastructure, we create a secure, high-performance network that keeps your event, vendors and operations running smoothly.

*Connectivity
where it
matters*

STARLINK CONNECTIVITY

High-speed satellite internet delivers connectivity anywhere in Australia.

DEPLOYABLE MASTS

Elevated antennas enhance coverage and performance across large areas.

POWER SYSTEM

Self-sufficient, off-grid power keeps the system running in any location.

WI-FI COVERAGE

Secure, high-capacity Wi-Fi for attendees, staff and onsite operations.

VENDOR / EFTPOS NETWORK

Reliable connectivity for vendors, food trucks and EFTPOS systems.

EVENT OPERATIONS NETWORK

Supports ticketing, comms, CCTV, event systems and onsite staff.

A SIMPLE PROCESS

LOCAL EVENTS. NATIONAL REACH.

01

PLAN

We assess your event needs, location and coverage requirements.

02

DEPLOY

EventLink is delivered, set up and operational in hours, not days.

03

CONNECT

We establish satellite, cellular and local networks for seamless coverage.

04

SUPPORT

Our team monitors performance and provides ongoing support throughout your event.

02

Regional Coverage Challenges

REAL PLACES. REAL CHALLENGES. A MORE CONNECTED VICTORIA.

Many regional areas in Victoria experience weak or patchy mobile coverage, while major events can overload existing networks. VinConnect EventLink delivers reliable, high-performance connectivity where it's needed most — keeping people, places and operations connected.

Stronger
Communities
Further Together

EXAMPLE EVENTS & CONTEXTS

RIP CURL PRO BELLS BEACH

Major event, high network demand.

RUN THE GAP

Remote location, limited coverage.

GRAMPIANS GRAPE ESCAPE

Regional event, increased visitor demand.

OMEQ SHOW

Rural event, limited coverage.

PORT FAIRY FOLK FESTIVAL

High crowd density, network congestion.

WHY IT MATTERS

CONNECTED COMMUNITIES

Better communication for safer, stronger regional communities.

SUPPORTS LOCAL ECONOMIES

Keeps tourism, events and businesses running smoothly.

SAFER EVENTS & REGIONS

Reliable connectivity when it matters most.

A STRONGER VICTORIA

Bridging the coverage gap for a more connected future.

03

Where EventLink Could Work

REAL LOCATIONS. REAL POSSIBILITIES.

EventLink is a flexible connectivity solution for a wide range of temporary events and regional locations.

Here are some example applications across Victoria.

*Same
Communities
Stronger
Together*

CONNECTING
REGIONAL AUSTRALIA
ONE EVENT AT A TIME

 **BELLS BEACH**
SURF COAST, VIC

Temporary capacity support
for major coastal events and
media operations.

 **HALLS GAP / LAKE BELLFIELD**
GRAMPIANS, VIC

Regional event connectivity
in coverage-challenged areas.

 **OMELO SHOW**
HIGH COUNTRY, VIC

Supports rural event operations,
vendor EFTPOS and public
connectivity.

 **SOUTH GIPPSLAND COASTAL / WARATAH BAY**
GIPPSLAND, VIC

Remote community events
and tourism activations.

Built For Real Events

From coastlines to country fields, mountains to riverfronts — EventLink keeps you connected wherever people gather. Reliable, flexible infrastructure for events of every scale.

*Connectivity
where it
matters*

SURFING & COASTAL EVENTS

Stay connected from beach to beyond.

EQUESTRIAN & AGRICULTURAL EVENTS

Reliable connectivity in regional and rural areas.

RV & LIFESTYLE EVENTS

Keep your community connected on the road.

RIVERFRONT / WATER SPORTS EVENTS

Strong connections for on and off the water.

05

Motorsport & Sporting Events

*Connectivity
where it
matters*

FLEXIBLE CONNECTIVITY FOR HIGH-DEMAND EVENTS.

EventLink supports temporary sporting and motorsport events with reliable connectivity for operations, timing/scoring, ticketing, media, vendors and spectators.

Motocross & Off-Road

Timing, media and event operations connectivity.

Cycling & Road Events

Route support, comms and live event data.

Major Sporting Events

Spectator Wi-Fi, ticketing and broadcast support.

Trials & Adventure Sport

Coverage for remote courses and support crews.

KEY EVENT BENEFITS

Timing & Scoring

Reliable data when it counts.

Ticketing

Keep crowds moving.

Media / Livestream

Share your event in real time.

Vendor EFTPOS

Secure, reliable transactions.

Team Communications

Keep everyone connected.

Capabilities In Plain English

REAL-WORLD CONNECTIVITY FOR REAL EVENTS

Reliable internet, power and on-site support,
so your event runs smoothly — no matter
the location.

Private Operations Network

SECURE CONNECTIONS
FOR YOUR TEAM

A dedicated network for event staff,
contractors and critical systems.

- ✓ Ideal for small to large operations teams
- ✓ Keeps your systems and data secure
- ✓ Supports comms, CCTV, event systems and more

Vendor & EFTPOS Support

KEEP TRADERS TRADING

Reliable connectivity for food trucks,
market stalls and vendors.

- ✓ Suited to vendor-heavy events
- ✓ Supports EFTPOS, payments and POS systems
- ✓ Keeps your vendors online and customers happy

Managed Public Hotspot

INTERNET FOR YOUR ATTENDEES

Provide safe, reliable public Wi-Fi
with managed access and usage limits.

- ✓ Ideal for community events, festivals and showgrounds
- ✓ Suitable for hundreds to thousands of users (with fair use limits)
- ✓ Managed bandwidth to keep everyone connected

Multi-Zone Event Coverage

CONNECT ACROSS LARGE SITES

Scalable coverage for multi-stage,
multi-zone and spread-out events.

- ✓ Expand Wi-Fi coverage across large areas
- ✓ Link stages, camping, car parks and vendor zones
- ✓ Flexible setup to suit your site
- ✓ Smooth roaming between zones

ADDITIONAL BENEFITS

RAPID DEPLOYMENT

Up and running in hours,
not days.

SCALABLE STARLINK CAPACITY

Grows with your event
requirements.

OFF-GRID POWER

Self-sufficient systems
for remote locations.

EXPANDABLE Wi-Fi ZONES

From single sites to
multi-zone events.

06

Why Vendors & Organisers Benefit

REAL CONNECTIONS. REAL OPPORTUNITIES.

EventLink gives organisers and vendors the connectivity they need to run smoother, sell more, engage audiences and create memorable experiences.

POS / EFTPOS TRANSACTIONS

Reliable, high-speed connectivity keeps payments flowing, reducing wait times and helping vendors maximise sales.

TICKETING & ENTRY SYSTEMS

Fast, reliable network access for ticket scanning, gate entry and crowd management — keeping your event moving.

EXHIBITOR & VENDOR INTERNET

Give your vendors a secure, high-performance internet connection so they can run their business, process payments and engage with customers.

EVENT OPERATIONS & STAFF COMMS

Keep your team connected across site with reliable internet, VoIP and comms tools — enabling faster decisions and a safer, smoother event.

MEDIA / LIVESTREAM / SCORING

Support media teams, livestreaming, big screens and live scoring with high-capacity, low-latency connectivity to share your event with a wider audience.

MARKETING / SPONSOR ACTIVATION

Enable interactive activations, competitions and digital campaigns that drive engagement and deliver real value for your sponsors.

TURN CONNECTIONS INTO INSIGHTS

Branded Captive Portal

Our custom-branded Wi-Fi portal does more than get people online. It helps you capture valuable feedback, grow your audience and measure engagement.

COLLECT FEEDBACK

Quick surveys to understand attendee experience.

GAIN INSIGHTS

Track usage, foot traffic and peak times.

GROW YOUR AUDIENCE

Build your database for future events and marketing.

SHOWCASE SPONSORS

Use the portal to feature sponsor content, offers and competitions.

Connectivity Options & Reporting

FLEXIBLE SOLUTIONS. REAL INSIGHTS.

Every event is different. EventLink can be configured to match your connectivity goals — from private, secure networks to public guest Wi-Fi, or a hybrid of both.

01

Private Wi-Fi Only

SECURE. CONTROLLED.
RELIABLE.

Ideal for event operators, staff, vendors and critical systems that require a private, secure network. Keeps your operations running smoothly without public access.

SUITS

Event staff, production crews, vendors, emergency services and operational use.

02

Managed Public Hotspot

EASY ACCESS.
HAPPY ATTENDEES.

Provide fast, reliable internet for event visitors with a branded login portal. Share event info, sponsor content and important announcements while keeping things secure and managed.

SUITS

Public events, festivals, agricultural shows, community events and ticketed venues.

03

Hybrid Setup

BEST OF BOTH WORLDS.

A combination of private and public networks, giving your team secure access while offering managed guest Wi-Fi to attendees. Fully segmented for security and performance.

SUITS

Medium to large events with operational and public connectivity needs.

Useful Event Metrics

TURN CONNECTIVITY INTO VALUABLE INSIGHTS

Our dashboard gives you real-time and post-event data to measure engagement, performance and impact.

Partnership Opportunities

STRONGER EVENTS. STRONGER REGIONS.

EventLink brings people, places and possibilities together. We partner with event organisers, councils, regional tourism initiatives and government programs to deliver reliable, fit-for-purpose connectivity and temporary infrastructure that helps events thrive and communities benefit.

Together for Stronger Regions

CONNECTING
REGIONS
CREATING
OPPORTUNITY

*Connected Communities
Brighter Futures*

SUPPORTING REGIONAL CONNECTIVITY GOALS

EventLink can complement regional connectivity initiatives, including blackspot and overloaded-network environments, by providing temporary, high-capacity coverage where it's needed most.

Portable Connectivity. **Real Impact.**

Delivering reliable connectivity to events,
remote operations and blackspot areas
across regional Australia.
