

VIN READY

— FOR BUILDERS · CRANBOURNE TO GIPPSLAND

Starlink ready from day one

The builder offer your buyers ask for, with margin built in.

WHY VINREADY

Why builders add VinReady

Internet stops being a build cost and starts earning.

01

A new margin line.

Your cost is \$450–\$800. Add \$500–\$2,000 on top.

02

Upgrade or inclusion.

Sell it as an upgrade, or make it standard on every home.

03

Online on move-in day.

Your buyers can activate Starlink the day they move in.

04

No NBN lead-in wait.

No waiting on an NBN lead-in before getting online.

05

Scheduled to your build.

Our scheduling software ties installs to your build dates.

06

Handover pack included.

Every buyer gets a VinReady home-buyer handover pack.

THE MARGIN

Your cost. Your margin.

01

\$450–\$800

your builder cost

02

\$500–\$2,000

the margin you add

You set the price your buyers see.

WORKED EXAMPLE · ILLUSTRATIVE

Lower end

\$450

+ \$500

= \$950

Upper end

\$800

+ \$2,000

= \$2,800

Your builder cost

Your margin

= Price to your buyer

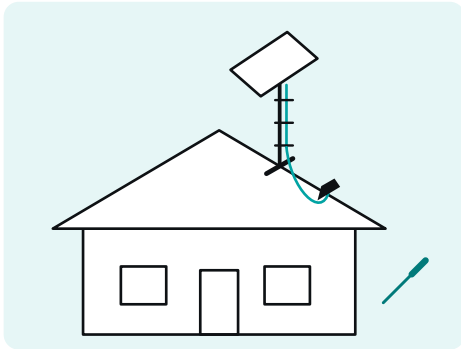

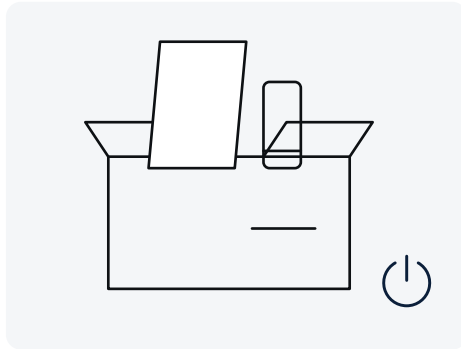

Illustrative	Lower end	Upper end
Your builder cost	\$450	\$800
Your margin	\$500	\$2,000
Price to your buyer	\$950	\$2,800

Illustrative only: the two ends of the ranges. Your cost depends on the option and the home. Your margin is your call.

TWO OPTIONS

Two ways to offer it

Offer one option or both.

	OPTION 1 Starlink Ready	OPTION 2 Full hardware kit
		
We do	Make the home Starlink ready	Supply a full hardware kit, dish included
Starlink order	Your buyer orders direct from Starlink	Hardware supplied by us
Getting online	Your buyer contacts us for final fit-off	Your buyer self-activates
Move-in day	Activate on move-in day, no NBN lead-in wait	Activate on move-in day, no NBN lead-in wait
Suits buyers who	Want to order their own Starlink	Want it all in place, ready to switch on

Both options: builder cost \$450–\$800.

The Starlink subscription is always between your buyer and Starlink.

HOW IT WORKS

Built into your program

Scheduled to your build dates, not squeezed in after.

1

You add it.

Upgrade or standard inclusion. Tell us the lot and the option.

2

We schedule it.

Our software ties the install to your build dates.

3

We do the work.

Starlink work done during the build, through your site contact.

4

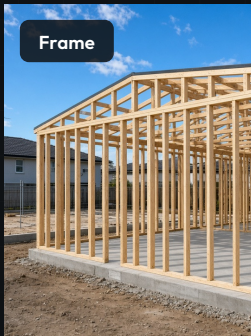

Handover.

Your buyer gets the handover pack. Option 1: final fit-off. Option 2: self-activate.

THE SALES ANSWER

Your go-to Starlink answer

When a buyer asks, your sales team has the answer.

Yes. This home can be VinReady. It's set up for Starlink during the build, so you can activate it on the day you move in, with no waiting for an NBN lead-in."

THE SCRIPT**"How does it compare with NBN?"**

It's another way to get online. Your buyers can activate on move-in day, with no waiting for an NBN lead-in.

"Which option do I get?"

Option 1: you order Starlink, we do the fit-off. Option 2: the kit's supplied, you activate it.

"What do I get at handover?"

A VinReady home-buyer handover pack.

— MOVE-IN DAY

Keys in. Online today.

Your buyers can activate Starlink the day they move in.

VIN READY

Home-buyer
handover pack

Every buyer gets a VinReady home-buyer handover pack.

Starlink and NBN

- ✓ Starlink is an alternative to NBN at move-in.
- ✓ No waiting on an NBN lead-in before getting online.
- ✓ Your buyers can still choose NBN when it suits them.
- ✓ No guaranteed speeds. Performance depends on Starlink's service at the address.
