

Capability statement

Family-run installation business. One point of contact. Work scoped around the property, not a catalogue kit.

What we install

- Starlink Standard, Mini and touring installations (labour; hardware on your account)
- Whole-property Wi-Fi and TP-Link Omada point-to-point links
- HiLook CCTV packages, stable and solar/gate cameras
- Cabinets, labelling, UPS planning and handover
- Event Link — rapidly deployable Starlink/Wi-Fi for rural events (pilot, 2026–27)

Credentials

- ACMA Registered Open Cabler
- Working at Heights
- White Card
- Public Liability and WorkCover

Where we work

Casey & South East Melbourne (home base Cranbourne), Cardinia, Mornington Peninsula, Western Port & Bass Coast, South Gippsland, West Gippsland & Latrobe, plus Inner South East travel jobs.

How we quote

Address-based estimator for a labour range, then photos or a property plan before a written total. Travel from Cranbourne is in the number. We do not sell Starlink subscriptions.
